

6. What area of OGDMTT are you interested in contributing to?

[More Details](#)

7. Have you seen the OG1.0 file format specification? <https://github.com/OceanGlidersCommunity/OG-format-user-manual>

[More Details](#)

9. What support do you need from the Data Management Task Team to implement or use the OG1.0 file format?

4 Responses

ID ↑	Name	Responses
1	anonymous	I need some translators to convert between glider formats.
2	anonymous	Need a software converting typical slocum glider mat dat files into thr OG1.0 file format
3	anonymous	Clear guidance on each of the areas stated above
4	anonymous	Unclear at this time, will need to review the format more closely with our data staff.
